Have you ever noticed that there are some promises that we just know we won't be able to keep by our own strength?

SC. **02**

Like... how many times have you tried going to the gym? Or started a new diet?

SC. **03**

You see, the problem may not be the promise itself, but the human heart, which is naturally unstable and deceiving (Jer. 17:9).

SC. **04**

The human heart is naturally inclined to do bad things. On the other hand, good things, like being faithful to your spouse, keeping the Sabbath, eating healthy food, or returning the tithe and giving Promise, for instance, will seldom happen spontaneously!

SC. **05**

So, when you make a vow, following God's word, and having Him as witness, you are testifying that you no longer ~~would~~ like to follow the dictates of your natural heart. You are saying that you would like to do what is commanded by His word and what is right in His sight.

And even though you recognize that without the Lord you can do nothing, you also recognize that God is the One “who works in you both to will and to do for His good pleasure” (Phillipp. 2:13).

SC. **07**

So, to vow something to God will not only increase your desire to follow His word, but will also strengthen your dependency on His work in your life.

As you return your tithe and your Promise, renew your vow to return to God the tithe of everything that He would give you!

SC. **08**

May we put our desires last and God first.
